Village Opens Business Evolution Center

Plainfield, IL -- The Village of Plainfield is pleased to announce the opening of the "Plainfield Business Evolution Center" located at the Village Hall. The Business Evolution Center reflects the Village's continued commitment to creating a business friendly environment and the necessary infrastructure for businesses to grow. The business center contains approximately 4,000 square feet and will provide new businesses and home-based businesses with the opportunity to use office space. Included in a flat nominal fee will be dedicated cubicle space, phone service, high speed internet, a copier, and access to a conference room.

"We are always looking for innovative ways to assist local businesses and the creation of the Business Evolution Center is just one way we are helping the local business community grow and flourish," comments Mayor Michael Collins.

Eloot Sports & Entertainment has signed on as the first licensee of the Business Evolution Center. The company is a sports marketing business which owns and operates several summer collegiate baseball teams, including the Will County CrackerJacks, while also offering marketing consulting to sports teams and other businesses.

"We are excited to have access to the Business Evolution Center," said James Toole, president of Eloot Sports & Entertainment. "We hope to use the business center as a springboard to grow into a permanent location in Plainfield while having a positive economic impact in the community."

For more information on the Business Evolution Center, please contact the Village of Plainfield Planning Department at (815) 439-2824 or visit www.plainfielddevelopment.com.
