

## Press Release

April 25, 2008

For Immediate Publication:

***Green Village 2008 Series: Learn to Complement the “Green” Efforts  
Employed in Your Landscape With Efforts In and Around Your Home!***

Plainfield, IL -- On Monday, May 12, 2008, from 6:30 to 8:00 p.m., at the Plainfield Public Library, Michael Lambert, with ARRIS Architects + Planners, P.C., will discuss ways to “go green” while preserving your home’s historic integrity. The greenest house is the house that is already built. However, even older houses can be more eco-friendly and can complement the “green” efforts employed in your landscape and household lifestyle.

The Village of Plainfield and the Plainfield Public Library District have partnered to create an educational series to raise environmental awareness to individual homeowners and business owners. For more information on this series, please call Sara Leach in the Village Planning Division at (815) 439-2824 or Judi Desczc with the Plainfield Public Library at (815) 439-2877.
